Escape the Upside Down

Your Goal

To escape the upside down

To Win

You must find the key that unlocks the door

Directions

1) You will have 1 hr to find the key and escape the Upside Down.
2) You will have to find hidden clues, solve puzzles, and break codes to find the key.
3) A notepad and pencil have been provided for your use. Please do not write on anything else.
4) Do not go through the curtain. That area is not part of the game.
5) Do not touch anything marked with a red X.
6) No game pieces are to be broken open, torn, or otherwise altered.
7) The rooms are equipped with security cameras to monitor safety and track progress of the participants.
8) Instructions for operating individual locks can be found by the lock.
9) You can use up to 3 clues. Clues will not be given unless asked for.
10) In case of emergency the door you entered in can be opened. Your goal is to open the door on the other side. If you exit through the door you entered through you lose the game.
